Memorium

The Class of 1984 remembers J. Scott Hughes with joy and admiration. He is remembered for his devotion to the welfare of students, friends, and family members. Scottie was a friend as well as a counselor to nearly all who come in contact with him. He took pride in the accomplishments of others without acknowledging the vital aid he always contributed. We shall cherish forever the unique contact that was established and maintained between Scottie and the Class of 1984.

DEDICATION

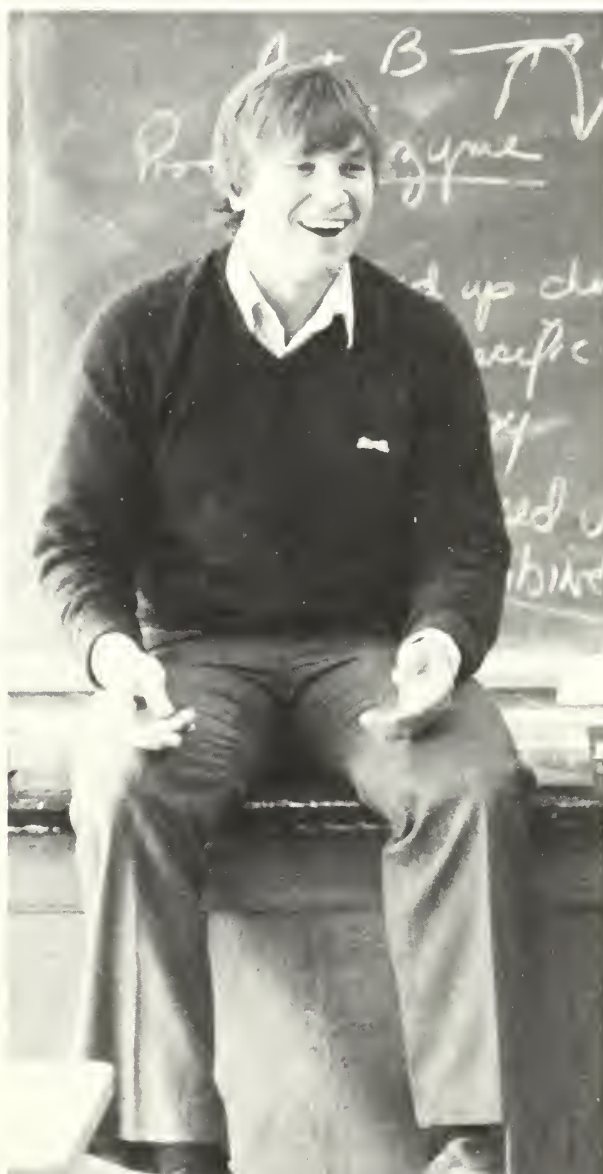

1984 Flicker Dedication

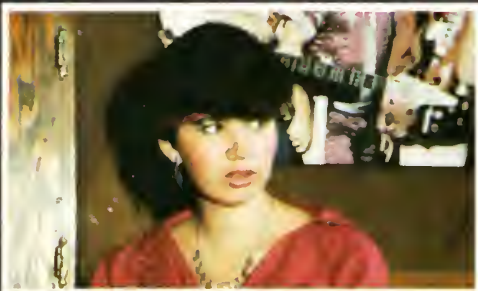

We, the Class of 1984, proudly dedicate this year's edition of the Flicker to Mr. Tom Walsh. We wish to thank him for all of the time, effort, and patience that he has volunteered over the past three years. He has helped lead the Class of 1984 to overall achievement and success. He has also been a valuable asset to the G.H.S. faculty.

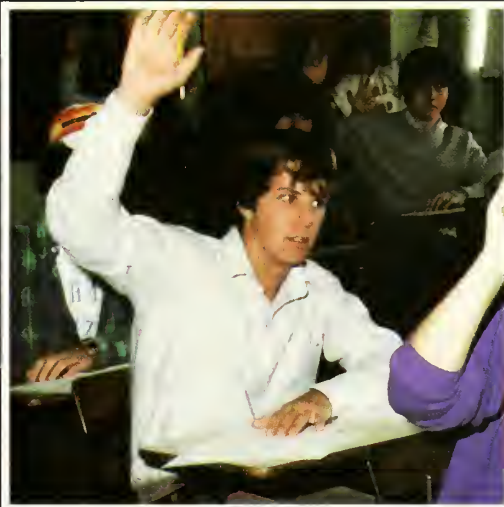

He enthusiastically accepted the role of our class advisor, and he has helped to clearly define the term P-R-I-D-E for all of us. It is evident that we have become better people as a result of his guidance and valuable friendship.

Once again, Mr. Walsh, we wish to thank you. We will never forget you.

Exchange Students

Karin Spranger —

Karin comes from Ansbach, Bavaria in West Germany. Gloucester High School is very different than Karin's school back home, where she had 12-14 courses per week. Karin has adjusted to life at Gloucester High. She has made many friends here and shares a special link to the other exchange students. Karin misses getting together with her friends in Germany.

Francisco Hernandez —

Francisco finds Gloucester different from his hometown in Columbia. Columbia is a large city and he misses the excitement. In school Francisco's work load has been cut in half. In Columbia, he studied 13 subjects. At Gloucester High, Francisco has made many friends who have made his year enjoyable. Yet, he still misses his friends and family in Columbia and is anxious to return.

Maria Saldina —

Maria is visiting Gloucester High School from Equador. She finds Gloucester is quite different from her hometown. She lives in a rural town which is located inland. Maria enjoys the scenery of the coastline of Gloucester. Maria studied 17 subjects in school in Equador. She feels the topics are about the same here in the United States. Her only difficult subject has been English. Maria has made many friends at Gloucester High School. She feels the people are very friendly and hospitable.

In 1982 GHS lost five of its top seven runners to graduation. At best the young and generally inexperienced team was expected to break even in the win loss column.

Led by Senior Capt. and three year NEC all-star John Powers, the team transformed an average season into a third place finish in the NEC.

The season was highlighted by three-"come from behind" victories VS. Winthrop, Lynn English, and Saugus which boosted the team record to 6-3.

Retiring Teachers

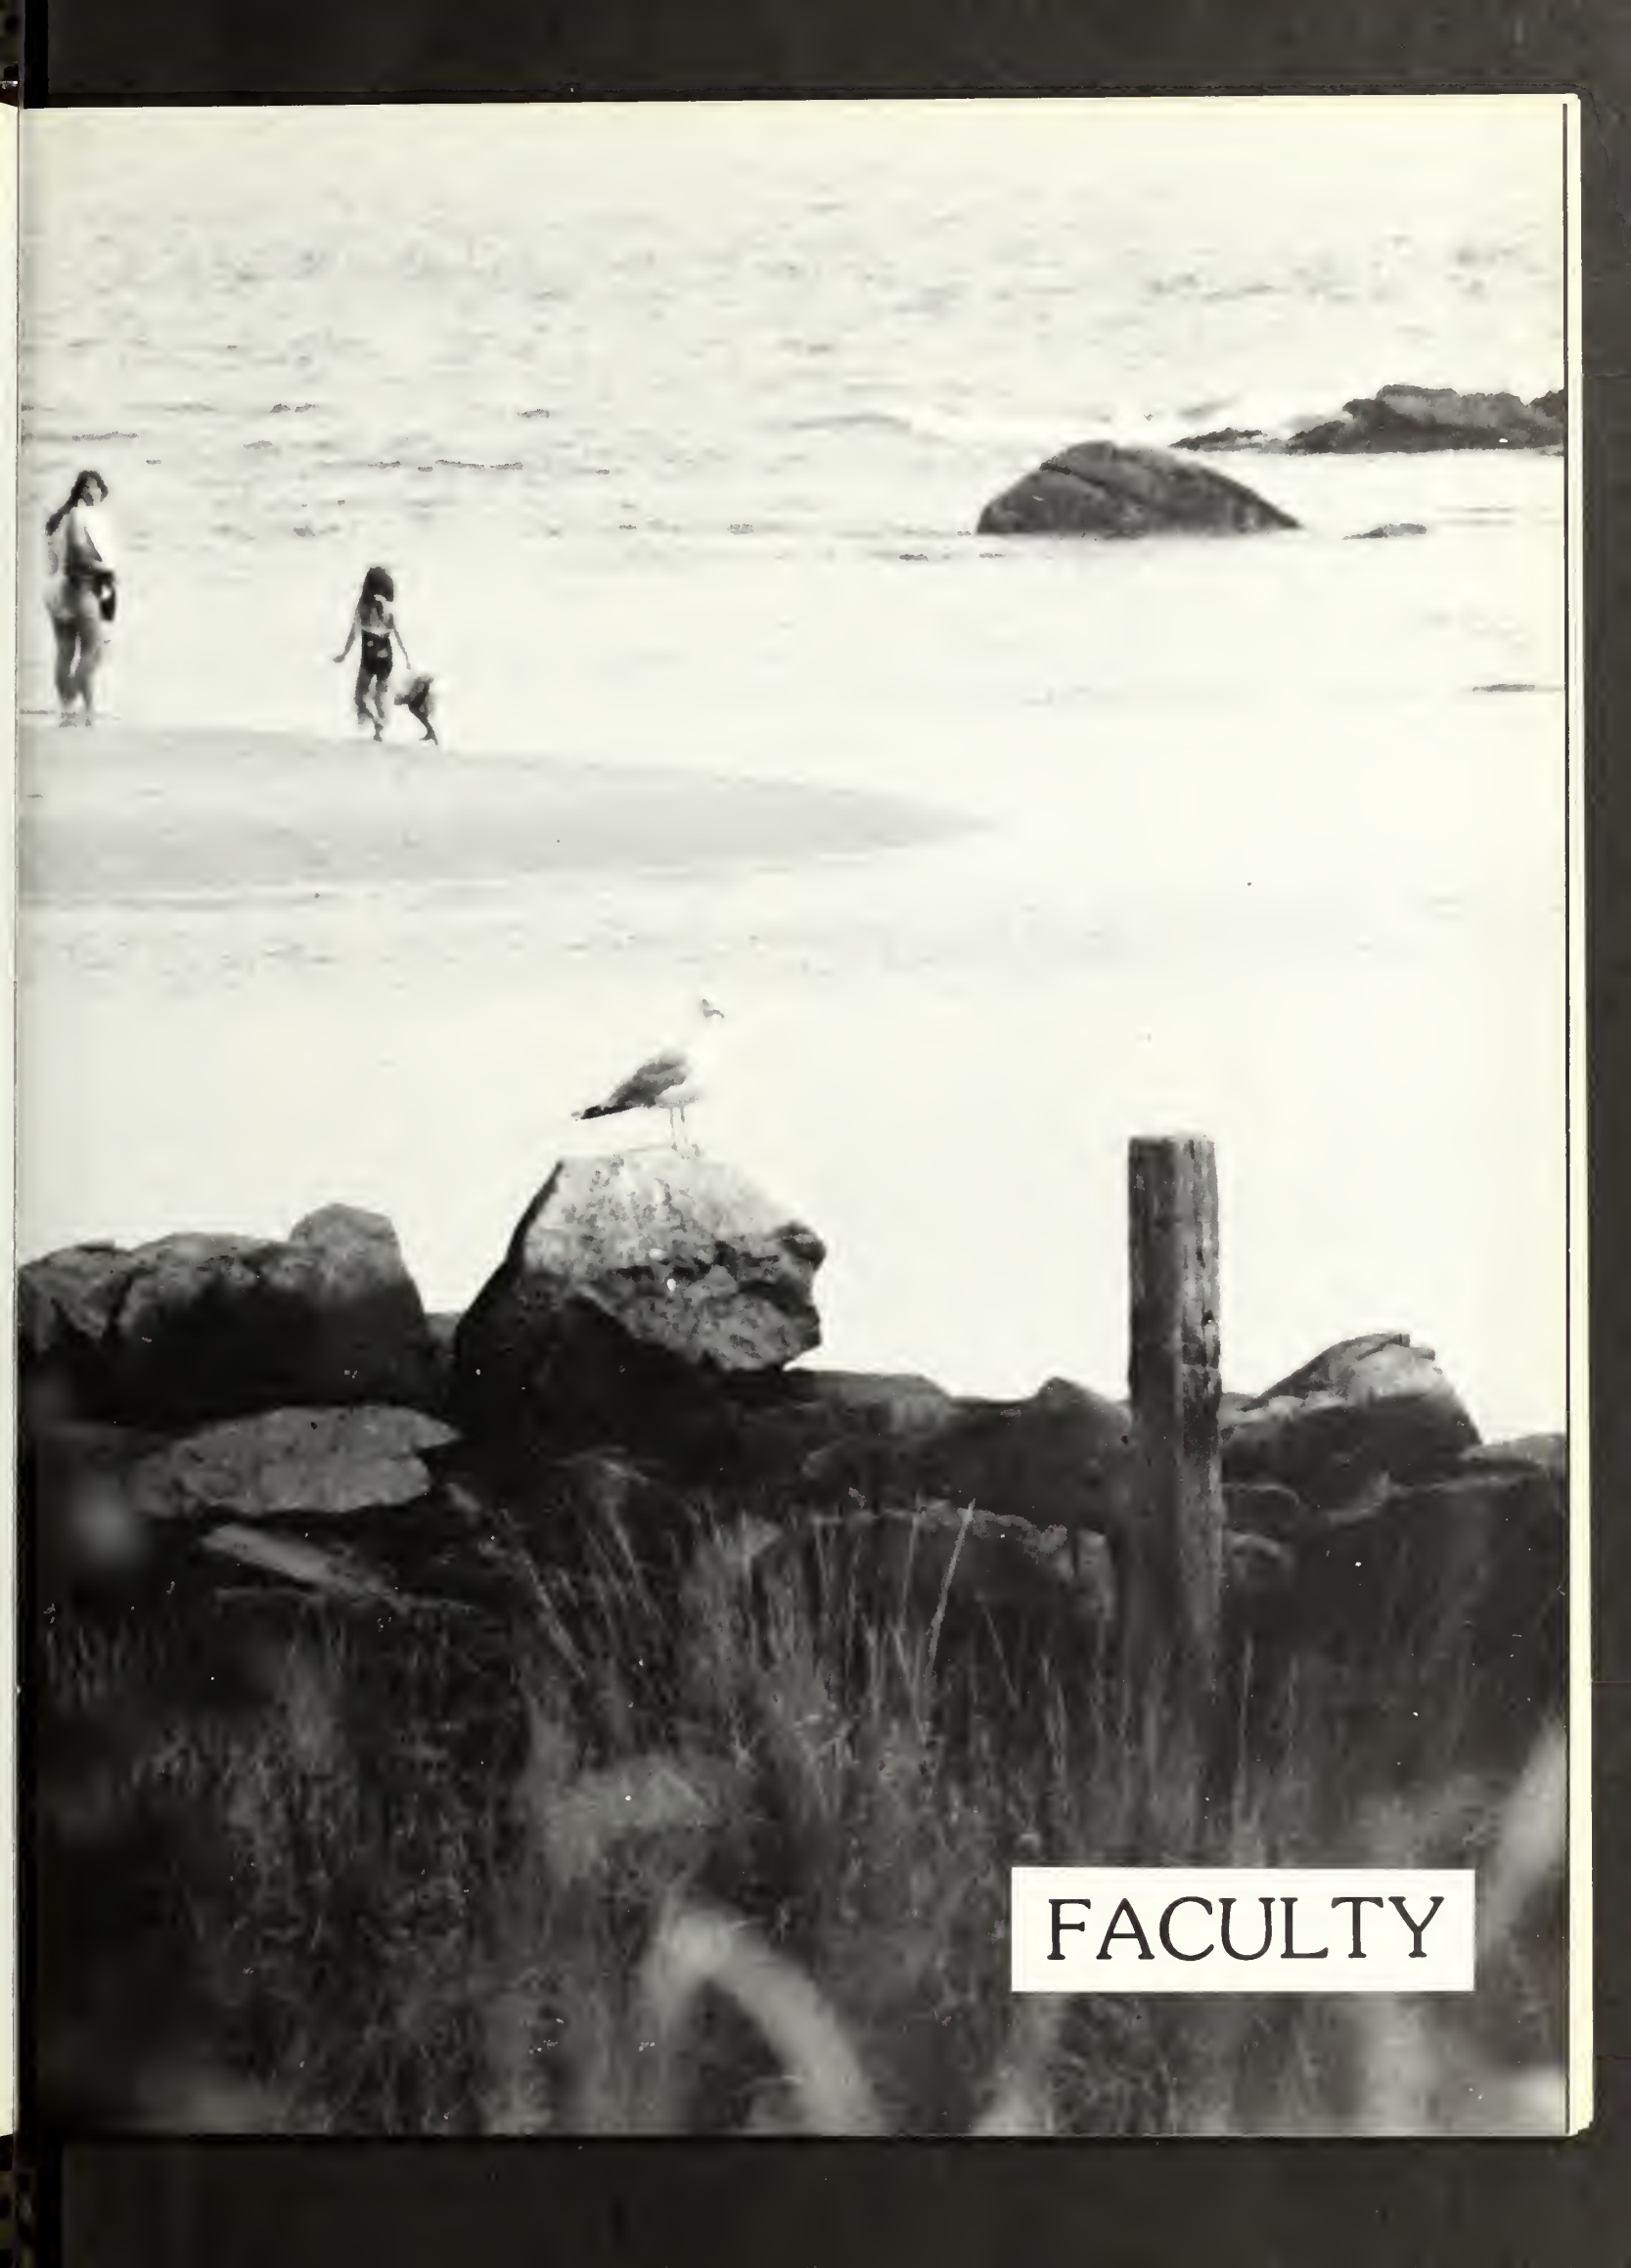

Miss Beebe has been teaching for twenty-nine years. A native of Boston, she attended Simmons College and Boston University. Of Gloucester, she says there's no nicer place to live. The dedicated teacher says she is leaving teaching because she "doesn't want to die in a classroom."

Mr. Baker is also leaving Gloucester High School this year. Mr. Baker received his degree in Music at Boston University. While teaching music, he attained a Master's Degree in Guidance and Counseling at Tufts. Once he received his degree, he began counseling at O'Maley School and the high school. Now he is turning in the New England climate for a warm Californian one. Mr. Baker will be missed.

Mr. Gleason is a good man and teacher. He's leaving the high school after many years of dedication to the students of the science department. During his years at the high school he has taught his students well, while creating a friendly air. Mr. Gleason is leaving the high school to invest his time in his prospering fishing supply business.
